AIST incorporated in August of 2002. We started as a company providing only tours for our select individual teams. As we grew the demand for our services extended into the team trip market. We can provide great opportunities for all types of sporting groups for any age who are interested in exploring the world through sports. With the experience we have gained in operating tours for groups of up to and more than 75 passengers, we are confident that our services and the quality of our tours will be exceptional.

Our programs are developed to give individuals the freedom to explore their surroundings on their own or join one of the many planned events during the tour. This kind of flexibility allows each individual to experience the tour at their own pace. The ability to fill the needs of each individual on tour is what makes our tours the best in the industry!

AIST is committed to making your tour one of a kind. We will customize the tour to your desired preferences and include as much or as little in the tour as you would like. We look forward to an opportunity to serve your group. More information about AIST can be found at www.aist.us.
